

Gurugram Metro Project Set to be inaugurated by PM Modi

By: Staff Reporter

Date: 13/02/2024

GURUGRAM (Metro Rail News): On February 16, Prime Minister Narendra Modi is scheduled to inaugurate the commencement of the Gurugram Metro project by laying its foundation stone.

Online Event

An online event will take place in Gurugram, allowing attendees to view the foundation stone laying ceremony of the projects on a large screen.

Project Approval

During a session presided over by Prime Minister Modi on June 7, 2023, the Union Cabinet sanctioned the extension of the Gurugram metro project. The extension spans 26.65 kilometres in a loop, connecting from the Huda City Metro station, now known as the Millennium City Centre Metro station, to Cyber Hub, encompassing the entirety of the old Gurugram region.

Additionally, the Cabinet approved a 1.85-kilometer spur leading to the Dwarka Expressway.

Gurugram Metro Rail Limited (GMRL)

Haryana Government has Approved the Formation of Gurugram Metro Rail Limited. The proposed firm will be a joint venture between the Government of India & the Government of Haryana.

Gurugram Metro Rail Limited (GMRL) has been entrusted with undertaking the Gurugram Metro extension project, encompassing a 28.5km loop stretching from Millennium City Centre to Cyber City Gurugram.

Millennium City Centre- Cyber City Metro

The project entails two lines:

1. HUDA City Center to Cyber City Center – 26.65 Km long with 26 elevated station
2. Basai Gaon to Dwarka Expressway- 1.85 long with one elevated station.

Gurugram remains a metro-less city with a booming population and increasing economy. The approved stretch will boost connectivity between New Gurugram and Old Gurugram. The project will help boost connectivity to major and strategic destinations like Railway Stations, IGI Airport, etc. It will help boost the overall connectivity in the city of Gurugram.

The proposed metro line is poised to bridge the gap between New Gurugram and Old Gurugram, fostering economic growth, cultural exchange, and improved accessibility.
